

Erratum: Inhibitory effects of *S100A4* gene silencing on alkali burn-induced corneal neovascularization: an in vivo study

In this article by Yu-Lin Wang and colleagues (<http://www.molvis.org/molvis/v23/a26/>) the following corrections were made:

At the request of the authors, a correction was made to the Figure 1: the normal control group and 14 day group misused the pictures of other groups and revision contains the corrected images.
